

Simone Elmi

Mountain Guide- Alpinism Instructor - UIAGM - Telemarker - Rope work instructor.

I became a Mountain Guide 11 years ago. I always wanted to live this lifestyle from when I was a youngster and decided to leave the lowlands and come and live in Trentino at the foot of the Dolomites. I enjoy my work, because it allows me to come into contact with lots of people and that's what I like best. Five years ago DOLOMITI OUTDOOR was born where, together with my collaborators, we can express all our professionalism through the mountain activities offered from simple nature walks and technical courses to mountaineering ascents for experts.

DOLOMITI OUTDOOR covers all aspects of the mountains: alpinism, high altitude, Dolomite climbs, climbing trips, ski mountaineering, courses for beginners and advanced climbers and advancement, off piste, specialising in telemark skiing.

Apart from my main activities as a Mountain Guide I am also part of the Mountain Rescue team and an Instructor for rope work.

Mountaineering activity: I specialise in classic and modern climbing, living as I do at the foot of the Brenta Dolomites and just a few miles from the Sarca Valley (a paradise for climbing addicts). In winter my great passion is off piste skiing. I started my climbing career in 1986.

Davide Ortolani

Mountain Guide - Alpinism Instructor - UIAGM - Sports Climbing Instructor (F.A.S.I.)

Born in Bologna, I started climbing at 18 on the only crag in the area: Badolo (thanks for being there!). After a while, attracted by everything to do with mountains, adventure and exploration I started to try out all mountaineering activities and discovered the importance of the contact between man and nature and decided to turn this passion into a profession so that other people could also enjoy this contact.

The idea of abandoning the city to live in the mountains where life is simpler had always been on my mind, then five years ago, together with my wife, it came true. Now here I am living in Trentino in a little village in Val Rendena between the glaciers of the Adamello and the spires of the Brenta Dolomites.

Curriculum Vitae: I have been climbing for about 18 years and besides being a Mountain Guide I am also a Climbing Instructor (F.A.S.I.). I love the mountains one hundred per cent and especially independent adventures.

I am registered in the professional register of the Trentino Mountain Guides.
